Who We Are

SeekersGuidance is a non-profit organization registered as a 501(3)(c) in the United States and operates on a global capacity. It is a leading portal in the digital sphere serving students from diverse backgrounds and all walks of life.

For the last 13 years, we have strove to confront the crisis of knowledge facing Muslims by providing a diverse range of offerings to serve the believing community through authentic and reliable knowledge and guidance.

Inspired by the Prophetic tradition of knowledge and service, we have helped to provide millions of Muslims with access to free Islamic knowledge through our structured learning streams, answers service, podcasts, articles, and on-the-ground programs that extend to the global community.

Our Mission

Founded in 2008, SeekersGuidance offers authentic and reliable Islamic knowledge and spiritual guidance, helping Muslims practice their faith with confidence and clarity.

Our mission is to enrich communities worldwide by connecting seekers to

the light of guidance and qualified scholarship, without barriers or any restrictions.

We have remained committed and dedicated to the Prophetic tradition of fulfilling this sacred mandate without charging a fee.

"O my people! I do not ask you for any reward for this message. My reward is only from the One Who created me. Will you not then understand?"

(Quran 11:51)

Our Vision

We envision a time wherein every town and city, there is access to reliable and authentic Islamic knowledge and guidance.

To fulfill this vision, SeekersGuidance aims to build a truly global Islamic seminary that:

- **Offers a reliable resource** of Islamic knowledge at the highest level of quality, beauty, and excellence through the use of digital technology and revived Islamic learning curricula.
- **Strengthens the connection** between qualified teachers, students, and the wider community to inspire confidence in their understanding of Islamic sciences.
- **Invites communities to the Prophetic call** to serve and bring long-lasting benefit to the umma.

Letter from the Executive Director

A VISION OF GUIDANCE

The Beloved Messenger of Allah (peace and blessings be upon him) connected the hearts and minds of creation to their Creator. This sacred connection is the means of light and good in creation; it is the duty of the Prophets, and the inheritance of our beloved Prophet Muhammad (peace and blessings be upon him).

SeekersGuidance strives to preserve, transmit, and spread this sacred connection of light and goodness through spreading reliable, life-giving knowledge and guidance, from qualified scholars, in an accessible manner, completely free.

We're working to make SeekersGuidance a truly world-class global Islamic academy so anyone, at any level, anywhere can access the best of Islamic knowledge and guidance, in a convenient way, and to assist them through mentorship in their journey towards the pleasure and love of Allah Most High.

This journey and cause is what we need your support for.

ONE SEEKER TELLS THE STORY

A decade ago, one such seeker-Ustadh Sufyan Qufi, from the suburbs of Paris, France, connected with us, seeking to learn the basics of his faith and its teachings.

He is now a robust up-and-coming scholar of Islam, who is teaching at SeekersGuidance and answering questions through the Seekers Answers Service, while completing advanced studies with leading scholars.

There are dozens more, like Ustadh Sufyan. Thousands more have found light, clarity, guidance, and good in their lives through our courses and answers.

May Allah bless us and you in serving the Prophetic way, in the best of ways. And we thank you for accompanying us in this sacred journey so far, and we look forward to our continued partnership.

Shaykh
Faraz Rabbani
 Executive Director

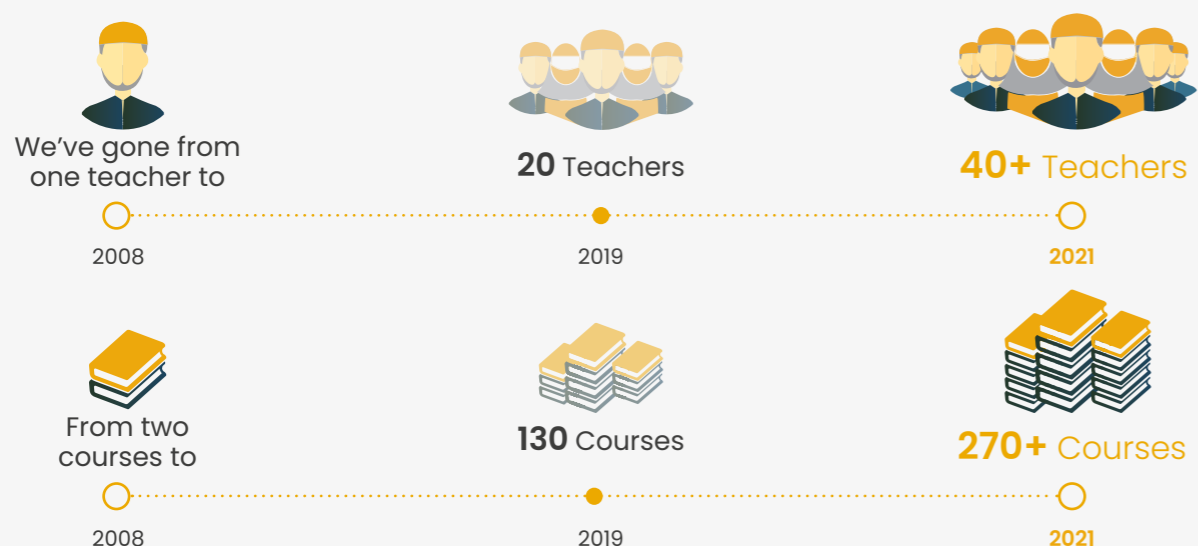

A 13 Year Journey

Back in 2008, our journey began with a single teacher teaching just two courses, met with an overflow demand.

At a time when social media was in its infancy, it was word of mouth that brought the students to us. Within the first year, we had 250 students.

It was at this point that we knew that the **need was great and it was urgent.**

Our Progress So Far-

Global Impact What We Do Reflects World Wide

Over the last 13 years, our organization has continued its trajectory of growth, impact, and global reach. However such growth and expansion comes with some challenges, and at times we have found our team stretched beyond its capacity.

Yet, with the support of generous donors and our dedicated teachers, we have remained loyal to our commitment of never leaving a student behind.

We have set out to spread Islamic knowledge and made a firm resolve to benefit Muslims across the globe while staying true to our mandate of not charging a fee in the pursuit of Islamic knowledge and guidance.

Our Vision for 2022

2021 was a year of consolidation and growth. By the grace of Allah, we have reached 334,000 course registrations. For next year, we have much bigger plans.

2022 – A YEAR OF EXPANSION AND EXCELLENCE.

Our objectives are to

- Establish a world-leading Mentorship Framework.
- Fully deploy our Islamic Curriculum.
- Enhance our Learning Management System and online user experience for our students to experience digital learning at a world-class standard.
- Establish the SeekersGuidance Istanbul centre which will host three key initiatives:
 - The Quran Initiative
 - The Youth Arabic Program
 - The Arabic Language Program
- Re-establish on-the-ground programs in key strategic locations around the world.
- Deploy the Seekers Answers Video Service.

And continue to connect seekers to reliable guidance through a **world-class Islamic academy.**

Seekers Quran Initiative

By the grace of Allah Most High, we have completed a one-year Quran literacy certificate, taught in English, with Shaykh Abdur-Rahim Reasat.

Following its remarkable success, in 2022, we will be offering this certificate in Arabic with Shaykh Ali Hani, one of the leading Arab scholars. We will also be offering the complete tafsir of the Quran in Arabic.

This is already underway in English, and many have benefited from those classes.

THE GLOBAL QURAN INITIATIVE

SeekersGuidance will also launch a Global Quran Initiative in partnership with Shaykh Abd al-Rahman Kharsa, a world-renowned scholar in the Quranic sciences.

This will include specialist programs in the Ten Recitations in collaboration with leading scholars, completely free of charge.

The Global Quran Initiative will enable anyone anywhere to:

-  Learn how to recite the Quran
-  Become proficient in Tajwid
-  Study the Ten Canonical Recitations
-  Attain certification in Tajwid
-  Train to become successful Quran teachers

We hope to launch this initiative before Ramadan 2022. This initiative will be carried out on the ground in Istanbul and will expand its impact to the world through SeekersGuidance's online academy.

Meet the English Quran Initiative Lead

Shaykh Abdur Rahim Reasat is authorized in Quranic exegesis from one of the leading living experts in Quranic studies.

Meet the Quran Tafsir Lead

Shaykh Ali Hani is a leading scholar of Arabic and Tafsir from Jordan. He has mastered and received ijaza in the Ten Canonical Recitations and in Tajwid. He later studied Hadith, Tafsir and Balagha in Jordan, as well as Arabic grammar, morphology, rhetoric, and inheritance law in Yemen.

He later taught at Al Azhar University and established Quran schools across Lebanon. He has also verified many books on Hanafi jurisprudence and is currently a director and teacher of Dar al Quran in Istanbul.

 "Indeed, this Quran guides to what is most upright, and gives good news to the believers—who do good—that they will have a mighty reward."

Seekers Youth Program

In an age where youth are inundated by information readily available at their fingertips, there is a critical need to instill clarity and certainty in the hearts of our youth.

The Seekers Youth Program is a critical service that aims to confront the challenges that Muslim youth face on a daily basis, and guide them on their journey towards Allah Most High and the Prophet Muhammad (peace and blessings be upon him).

The program includes a curriculum that covers topics ranging from Islamic creed, law, spirituality, and much more.

THE SEEKERS YOUTH PROGRAM OFFERS:

■ Seekers Youth Certificate

A one-year certificate of online courses designed to give young Muslims the essential knowledge they need to have clarity in their faith and fulfill their obligation to Allah.

■ Practical Guidance

Reliable, relevant, and engaging weekly Podcasts, Articles, and Video content specifically addressed to young Muslims to be inspired to live the Prophetic example.

Seekers Arabic Youth Program

Due to the crisis across many Arab countries, and displacement of Muslims, the connection between youth and scholars has been particularly shaken.

Following the success of the Youth Program in English we aim to deploy this much-needed program in Arabic.

The Seekers Arabic Youth Program will be facilitated by top scholars well versed in youth engagement.

“

I teach the youth curriculum, and I am happy that SeekersGuidance gives me a platform to reach hundreds and thousands worldwide.

In an age of so much confusion, clarity is a luxury few have. It is essential to trust the source from which you take your knowledge.

SeekersGuidance has been an excellent source of guidance to our community for a long time. It is difficult to quantify the impact that it has on many people's lives.”

The SeekersGuidance Istanbul Centre

There are currently three monumental projects happening in Istanbul at the prestigious Sultan Ahmad Madrasa, in partnership with the waqf of Sultan Ahmad.

The historic madrasa, established over 400 years ago, lies right between the Sultan Ahmad Mosque and the Aya Sofia mosque.

However, this is currently running above capacity and the growth of our projects requires more space in Istanbul.

In 2022, we plan to expand our presence in Istanbul by establishing a SeekersGuidance centre in the city to conduct classes and mentor students. As well as a media centre operating at broadcast standards for our esteemed teaching faculty.

With your support, we hope to open a second location that will also host three critical projects:

- The Global Quran Initiative
- The Arabic Language Program
- The Youth Program in Arabic

Seekers Arabiyya

Seekers Arabiyya, which offers courses with leading Arab scholars, now offers at least 60 online courses and multiple podcast series in Arabic with senior scholars from around the world.

By the grace of Allah Most High, thousands have benefited from these courses.

We have invested significantly to strengthen our offerings in Arabic given the urgent need to preserve the scholarship of our senior teachers. Our aim is to transmit their precious knowledge and spread it to the millions of believers seeking guidance in Arabic, and to serve students of Islamic knowledge – because the language of Islamic scholarship is, ultimately, Arabic.

Many of our Arabic courses are happening on-the-ground in the Sultan Ahmad madrasa, and are being preserved in unique online courses to extend our offerings to the global community.

Dar al Fuqaha

The Sultan Ahmad Madrasa is also home to the Dar al Fuqaha Project, a specialized project in Islamic law and other sciences.

Dar al Fuqaha brings together leading scholars to train advanced students of knowledge and scholars in both classical theory and contemporary issues.

It enables scholars and students to understand and transmit the nuances of Islamic law and apply it to the modern world.

Dar al Makhtutat

The Global Manuscript Institute

There are over five million unique manuscripts scattered throughout the Muslim world, and most of them contain rare gems from our vast historical civilization and heritage.

SeekersGuidance is a key partner in the Global Manuscript Institute- Dar al Makhtutat- A project that strives to preserve classical manuscripts in the Muslim world.

This institute gathers leading experts in the fields, and trains scholars, academics, and students, on how to preserve, index, edit, and publish manuscripts.

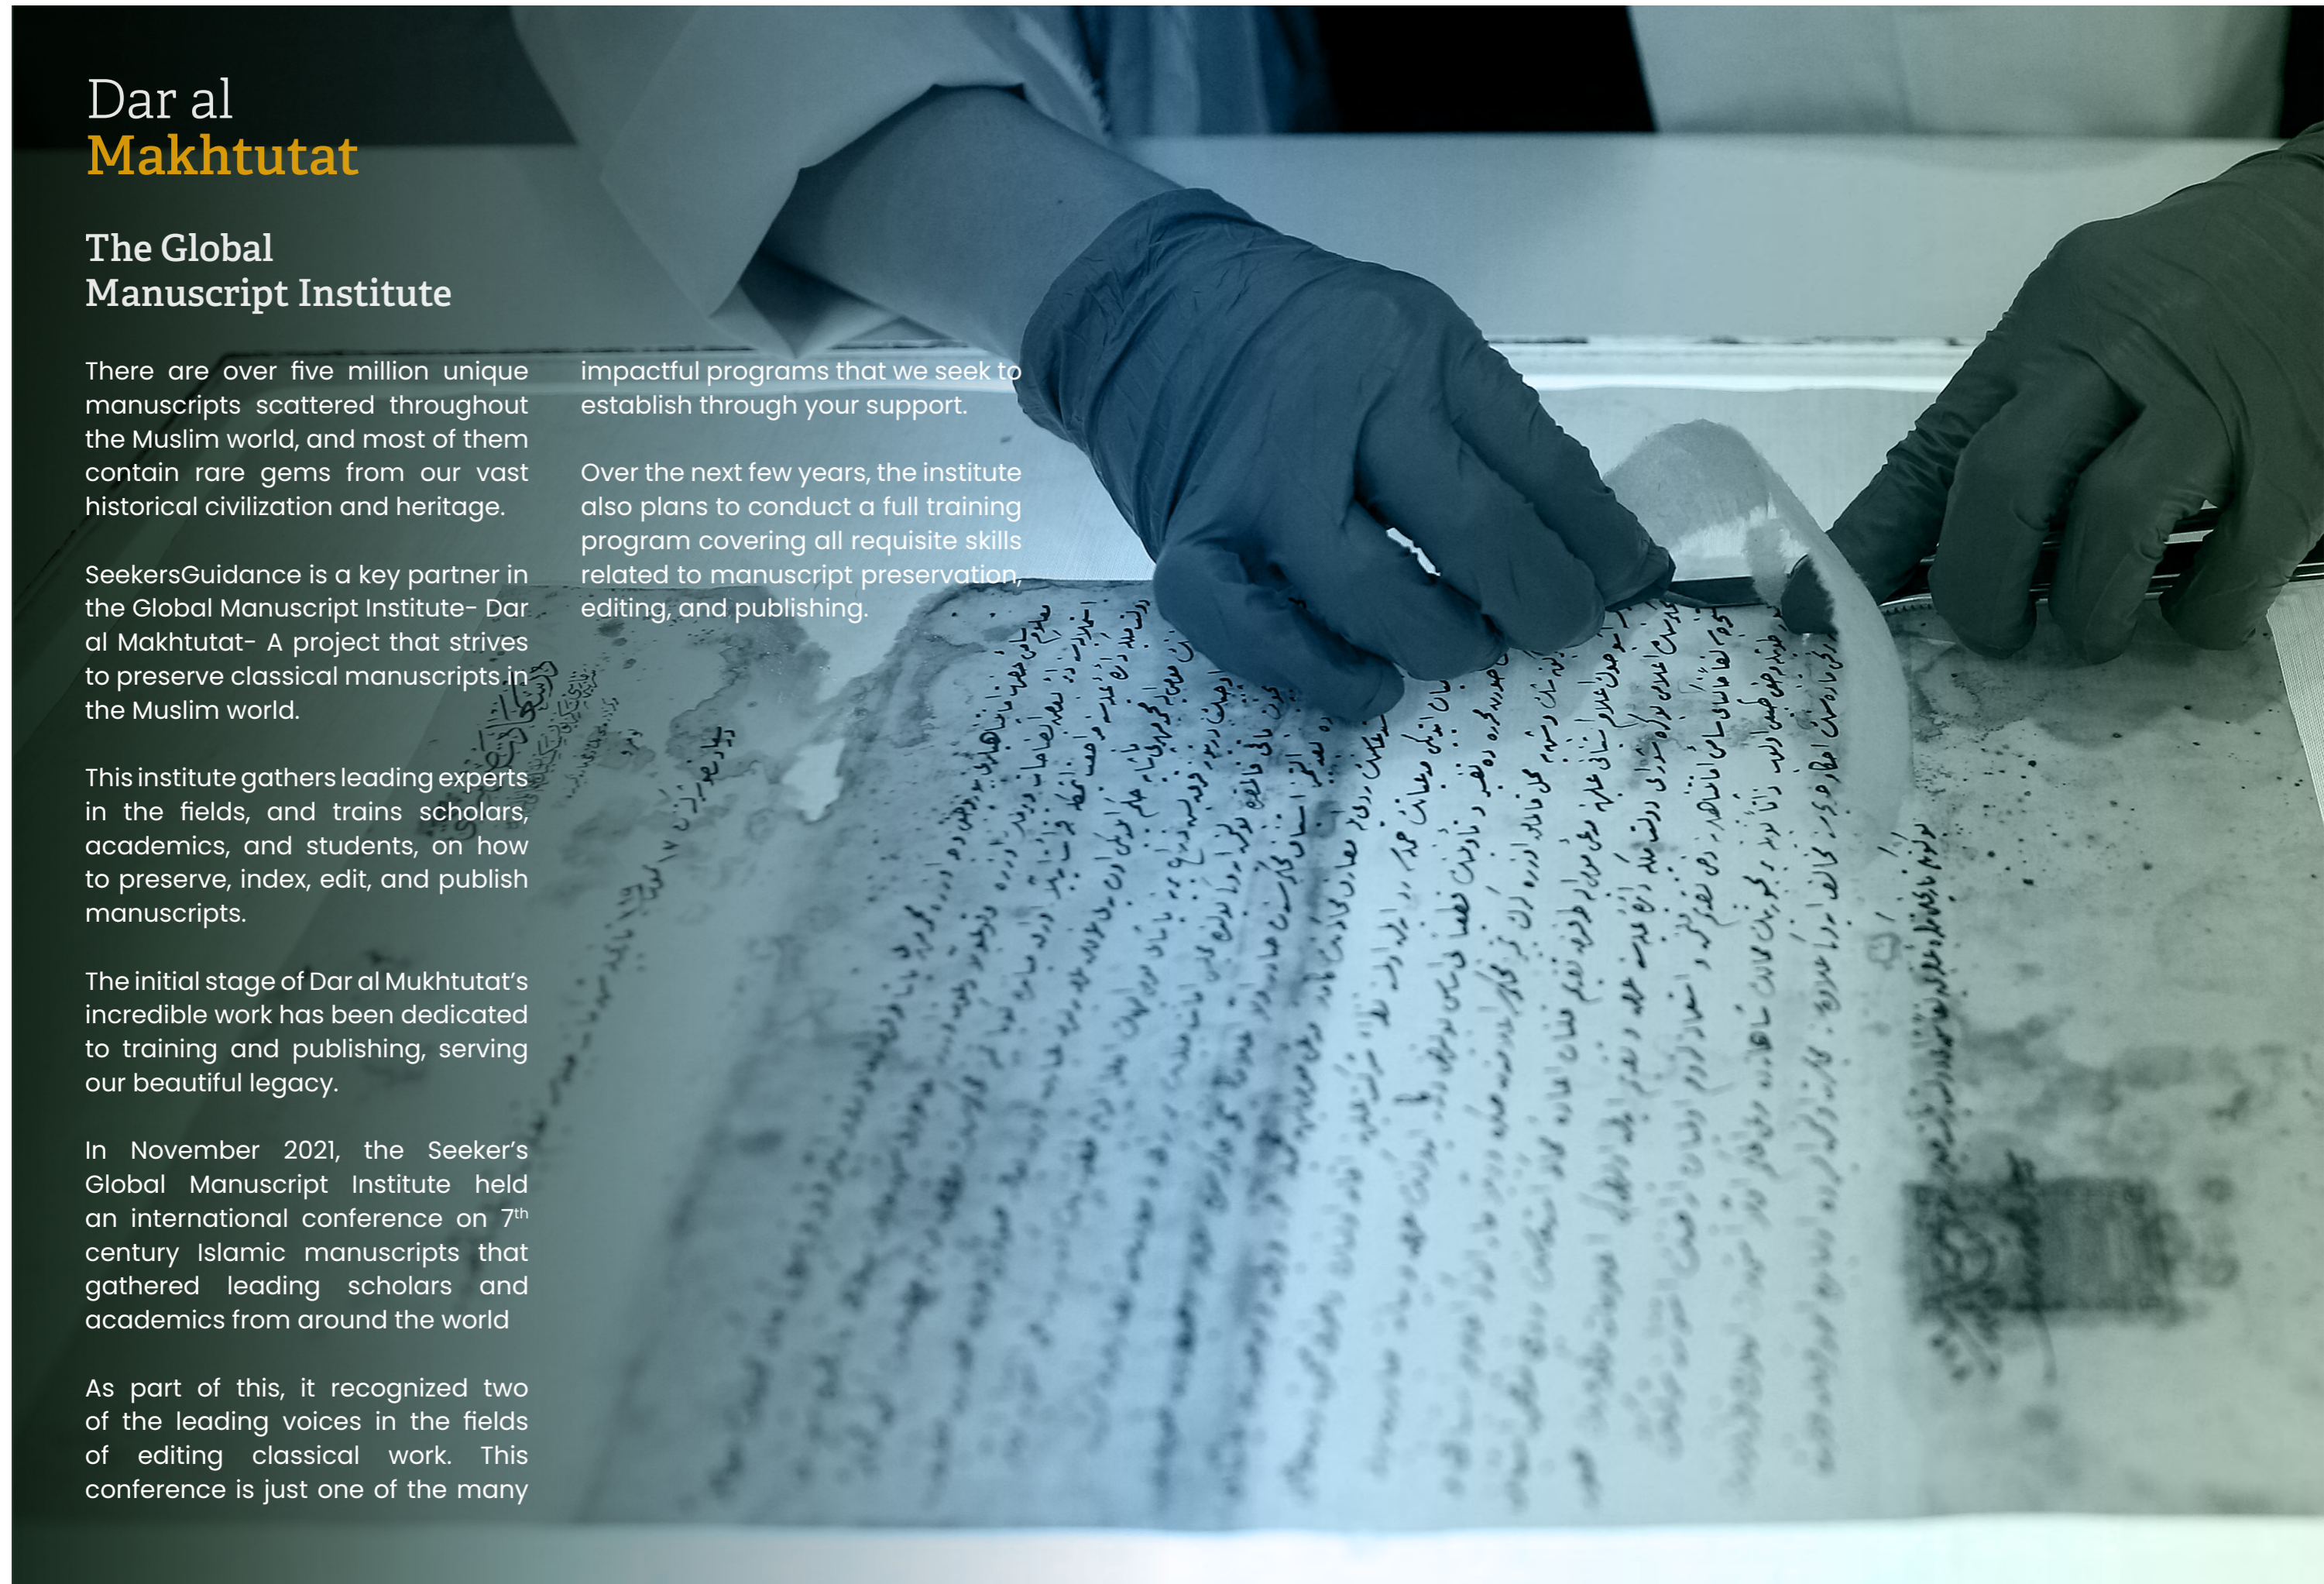

The initial stage of Dar al Mukhtutat's incredible work has been dedicated to training and publishing, serving our beautiful legacy.

In November 2021, the Seeker's Global Manuscript Institute held an international conference on 7th century Islamic manuscripts that gathered leading scholars and academics from around the world

As part of this, it recognized two of the leading voices in the fields of editing classical work. This conference is just one of the many

impactful programs that we seek to establish through your support.

Over the next few years, the institute also plans to conduct a full training program covering all requisite skills related to manuscript preservation, editing, and publishing.

Dar al Muwashahat

The House of Traditional Songs

Dar al Muwashahat is the third project established by SeekersGuidance aimed at preserving the cultural and artistic heritage of our Islamic tradition.

Dar al Muwashahat is entrusted with the noble mission of preserving the classical modes of Islamic devotional singing. It aims to re-engage our communities with their cultural heritage and revive the traditions of devotional art forms.

Dar al Muwashahat not only records accomplished Islamic devotional singers (munshids), but it also provides training for beginner, intermediate, and advanced munshids.

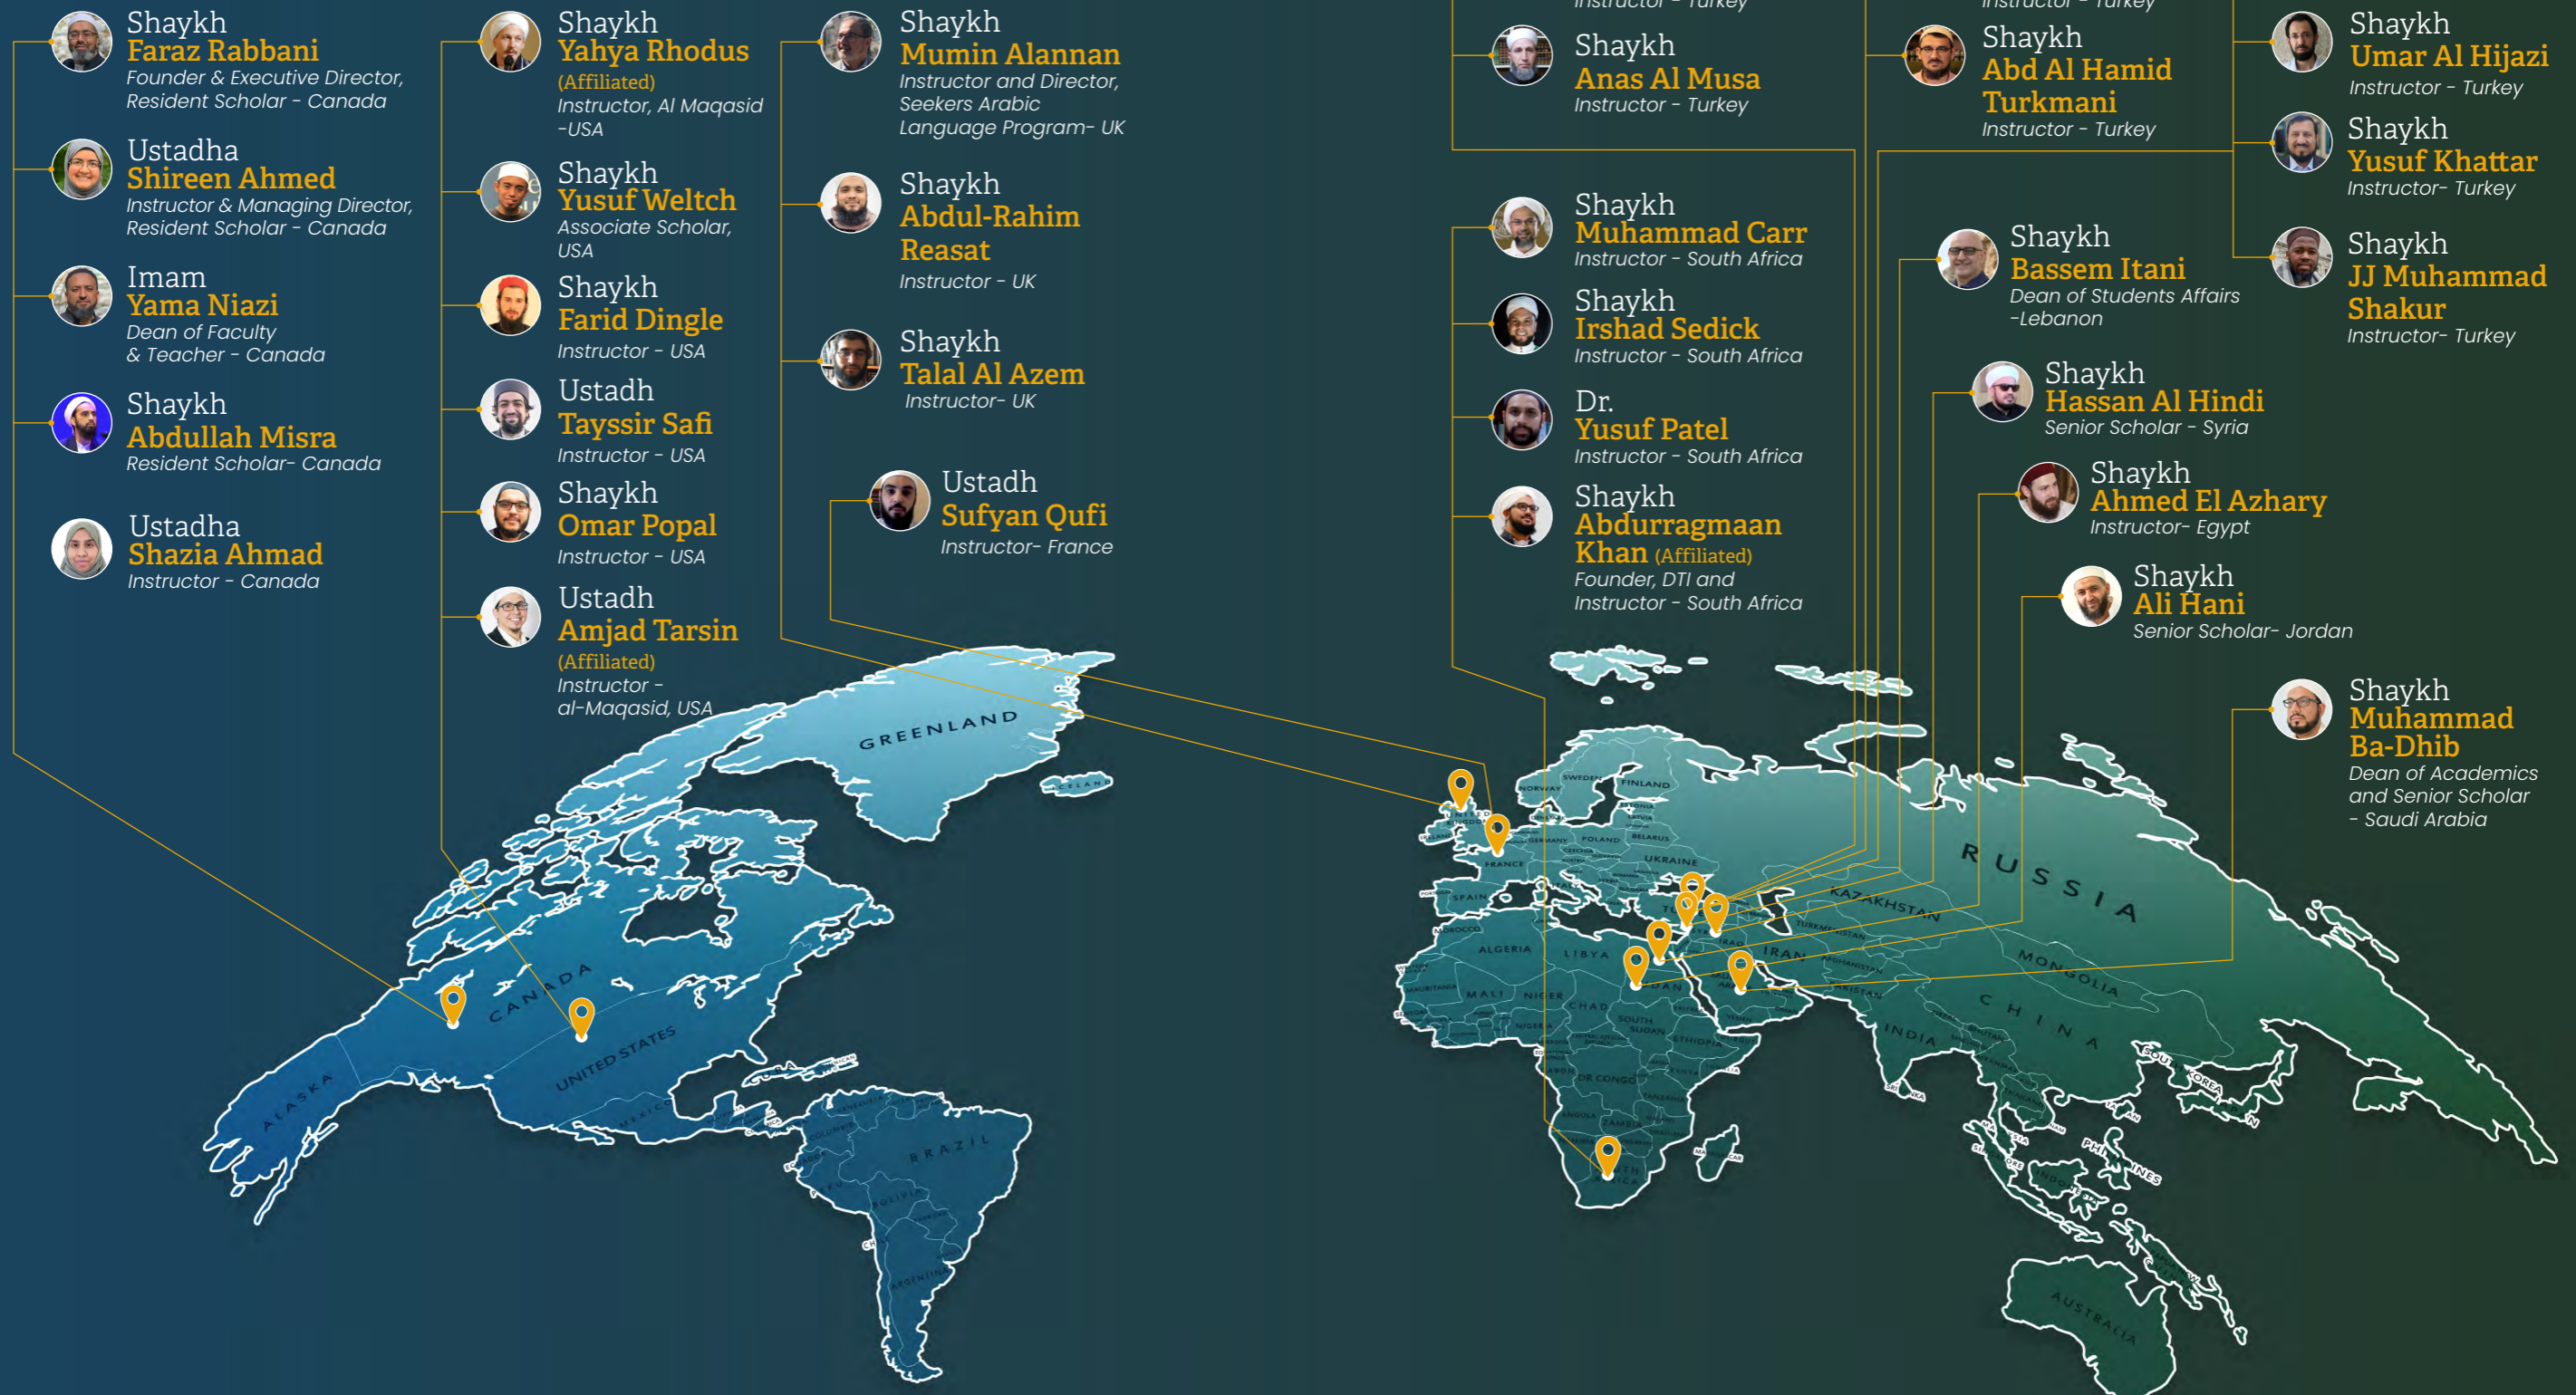

This training takes place locally in Istanbul but is also made available through the SeekerGuidance's online platform to those aspiring to be conduits of this beautiful tradition.

Statement from the Managing Director

Dear Respected Community Members,

For over a decade, SeekersGuidance has been at the vanguard of global Islamic knowledge, facilitating the acquisition of sacred light and guidance, and inspiring spiritual growth and personal development.

SeekersGuidance exists to serve the very essence of Islam; to call to the way of Allah with 'wisdom and beautiful teaching' (Quran 16:125). With the unprecedented social, political and economic upheaval, and with the effects of the global pandemic over the past years, the role of authentic spiritual guidance is more critical than ever before.

Here at SeekersGuidance, we strive to provide the most accessible, engaging and relevant content for the global Muslim community. In an age where we consume information digitally, SeekersGuidance is at the forefront of providing digital knowledge in both English and Arabic.

The Prophet Muhammad (peace and blessings be upon him) advised us that "The best of people are those who are most beneficial to people." (Al Tabarani)- and there is nothing more beneficial than facilitating a sincere, meaningful, and fruitful relationship with the Divine.

At SeekersGuidance we are moved by this moral imperative to help our fellow sisters and brothers in faith to learn their religion, live its reality, and serve humanity.

The past year has seen the organization grow more so than ever before. Our world-leading faculty continue to provide a range of both foundational and advanced courses, and our guidance offerings including our Podcasts, Articles and Answers Service have reached millions. All of this is offered, as always, completely free of charge.

As a commitment to our vision and our growing student base, 2021 has witnessed our biggest ever investment into our infrastructure. We have brought on new staff, teachers, and technologies to serve our students, and we are poised to serve 100,000 students for 2022. However, to realize this we are in critical need of your support.

Currently, SeekersGuidance only fulfills a portion of our global vision. Our goal is to create content addressing the issues Muslims face in their communities around the world.

We invite you to join our community of Seekers Visionaries by becoming a monthly donor to take an active part in our mission of making Islamic knowledge accessible without barriers and without a charge worldwide.

This is a unique opportunity to make a lasting impact that will benefit you, your family, and our wider community in this life and the hereafter.

I pray that together we may continue to bring pleasure to Allah Most High while serving His creation and our beloved Messenger Muhammad (peace and blessings be upon him).

Warmest regards,

Waseem Mahmood

Outreach

For us at SeekersGuidance outreach is not merely the process of getting people interested in our services and offerings, but it's a lot more than this.

We aspire to create an engaging and dynamic community of seekers that are connected through our online portal.

Outreach is not simply "marketing", but a means to call people to what is beneficial, and help them grow in their relationship with Allah Most High.

In an age of mass information and digital consumption, there has been a desperate need for sound guidance. SeekersGuidance has been fulfilling this need on a daily basis- by the end of 2021, we reached 334,000 course registrants, all being provided with a reliable resource for authentic Islamic knowledge completely free of charge.

Vision 2022

Our goal is to expand and reach the highest number of people than ever before to increase awareness about the light-giving guidance and incredible resources that we offer.

In 2022, the outreach team will strive to reach at least 100,000 course registrations to expand the reach of our educational offerings and activities around the world.

We aim to do this by:

- Building excellent campaigns with world-leading professionals.
- Deploying expert online advertisement.
- Growing our pool of helpers, volunteers, and interns who are dedicated to the amplification of our cause.

"Joining SeekersGuidance for me was not about joining a new job; at SeekersGuidance I joined two passions: a passion to work in Daawa by spreading Islamic knowledge and supporting the Prophetic legacy, and the passion to work in communications by promoting our Islamic offerings in the most creative and appealing way."

Programs

On-ground and virtual programs have been crucial in SeekersGuidance's inception, as we have held educational programs in local communities in over 100 cities around the world on all six inhabited continents.

The purpose of SeekersGuidance Programs is to:

- Call humanity back to Allah through religious guidance.
- Establish connection (talif) as an effective step to call onto Allah.
- Raise awareness of SeekersGuidance's educational offerings.
- Expand SeekersGuidance's offerings to the Global community.
- Bringing our digital offerings to life in a physical setting.

The practical application of the above purpose is done by addressing specific questions and needs Muslim communities might have, in collaboration with the local existing work and effort.

On-ground programs give us the opportunity to encourage participants across the globe to actively engage with the SeekersGuidance online platform, which offers reliable Islamic knowledge, free of charge.

Vision 2022

- Bridge reliable knowledge to local communities in various partnering countries including Canada, Turkey, South Africa, United Kingdom, and the United States.
- Establish on-ground programs and seminars that align with our vision to spread reliable and authentic Islamic knowledge and guidance.

Development

In the Development department, our mission and vision are to secure the long-term growth and sustainability of SeekersGuidance's offerings so that we can continue to serve the global Muslim community with the much-needed Islamic knowledge and guidance.

Through the team's fundraising efforts, SeekersGuidance is able to continue to make Islamic knowledge accessible to millions of Muslims while honoring its mandate of never charging a fee in the pursuit of Islamic knowledge.

Another key initiative the Development team focuses on is facilitating and serving is the Islamic Scholars Fund. By the grace of Allah, over the last six years, we have collected and fully disbursed \$6.4 million in zakat and charity to support deserving scholars and students, allowing them to dedicate themselves to teaching and learning.

All this would not be possible without the generous contributions of our community of Seekers Visionaries, that are dedicated to our mission of connecting humanity back to Allah and our beloved Prophet Muhammad (peace be upon him).

There has never been a more critical time to make Islamic Knowledge accessible without barriers and without costs.

Bringing our vision to fruition depends on your continuous support. Are you up for the task?

Vision 2022

- Expand our community of Monthly Donors to secure the sustainability and confidence we need to grow in reach and impact.
- Raise \$150,000 in average monthly donations to fulfill the needs of each department to serve with the excellence we strive for.
- Support many more critical cases of deserving scholars and students through the Islamic Scholars Fund.
